I don't wanna be  
Another number lost in the dark  
And I just want to fly  
Up in the sky

And love could bring me up  
Could make this place  
A little better

Don't worry, get up, get up get up and see  
Got a lot to do, got a lot to be  
The earth wont change without you  
So don't worry don't worry at all I'll do just fine, I'll do  
just right  
Don't worry don't don't worry on me

Life goes on the same  
It's all your choice  
And you must make it

And so to all my friends  
I say farewell, well meet again  
I love you

Don't worry, get up, get up get up and see  
Got a lot to do, got a lot to be  
The earth wont change without you so  
So don't worry don't worry at all I'll do just fine, I'll do  
just right  
Don't worry don't don't worry on me
