You've been dropping subtle hints
Making sweet remarks
You've been having lots of fun
Teasing on my heart
Ooo you called it everything but love
Ooo if you're waitin' on me you're back enough

Get up get on your feet come over here to me
You're being way too nice
You know I want you to, I'm right here for you
I won't bite
Oh yeah just like that baby
I'm a little weak in the knees
I know you know how kiss me now
Knock me down

Baby let me catch my breath
I'm melting from the heat
You're a better kisser than you have the right to be
Ooo you know that place where we just went
Ooo I wanna go back there again

Get up get on your feet come over here to me
You're being way too nice
You know I want you to I'm right here for you
I won't bite
Oh yeah just like that baby
I'm a little weak in the knees
I know you know how kiss me now
Knock me down

Oh just like this; lay it on my lips
Hit me with another kiss

Get up get on your feet come over here to me
You're being way too nice
You know I want you to
I'm right here for you
I won't bite
Oh yeah just like that baby
I'm a little weak in the knees
I know you know how kiss me now

Knock me down

Oh yeah yeah yeah
Oh yeah just like that baby
I'm a little weak in the knees
I know you know how kiss me now
Knock me down
Alright, knock me down
Whoa, knock me down
