Incredibly passionate, incredible you, you always knew  
what to say  
But your words now are like the silence of the night  
Too bad I'm thinking this way,  
And I'm tired of feeling so hopeless  
And it's time to let go and this last songs for you  
I saw you pass me yesterday, so cliché but you took my  
breath away  
You still captivate, you still infatuate me  
These memories are so damn real  
And I need a sign that your no longer mine  
And now the only words left are in this last song for you  
And I keep hearing your voice and I can remember  
when you'd say lets run away  
You know I wanted to but I'm still here in disbelief  
And I keep thinking that the only thing left is this last  
song for you  
And I keep of thinking of the past and all I remember as  
you touched my life  
And my heart, sometimes I can't believe we said we'd  
never part  
Now the only words left are  
Incredibly passionate, incredible you  
I thought you always knew me  
So many feelings now in the silence of the night  
Too bad you left me this way  
But I'm tired of feeling so hopeless  
And it's time to come to terms with this last song for  
you  
This is the last one I swear, this last song for you x3
