Last saturday night
She had a dress that was so tight
If I only knew what I was getting into
I said: you turn me on
I said: you're coming on strong
And my man is standing right behind you

Now everybody wants what they ain't got
And it don't matter if you need it or not
And I need you more the more you push me away
I want you to look but I don't want you to touch
Now I'd never needed you so much
You'd better listen up girl when I say

I wanna get me some of that
I need to get me some of that
I wanna get gonna get me some of that
I wanna get me some of that
Wanna get me some of that
I need to get me some of that
I wanna get gonna get me some of that?girl

I said: I'm only gonna give it up to only one man
And I don't love you?no
I said: don't worry about a thing
'cause for what I got planned
Babe you don't need to, baby

Now everybody wants what they ain't got
And it don't matter if you need it or not
And I need you more the more you push me away
I want you to look but I don't want you to touch
Now I'd never needed you so much
You'd better listen up girl when I say

I wanna I wanna you gonna you gonna get me some of
that

I wanna get me some of that
Wanna get me some
I need to get me some of that

Wanna get gonna get me some of that
I wanna get me some of that
Wanna get me some of that
I need to get me some of that
I wanna get gonna get me some of that

Dress skin-tight upon flesh women flexing
Look at all the people on the dance-floor they're be
dancin'
Saturday night they can be lookin' 'but no touchin' best
Listen up boy because?

Now everybody wants what they ain't got
And it don't matter if you need it or not
And I need you more the more you push me away
I want you to look but I don't want you to touch
Now I'd never needed you so much
You'd better listen up girl when I say

I wanna i wanna you gonna you gonna get me some of
that
I wanna i wanna you gonna you gonna get me some of
that

I wanna get me some of that
Wanna get me some
I need to get me some of that
I wanna get gonna get me some of that
I wanna get me some of that
Wanna get me some of that
I need to get me some of that
Wanna get gonna get me some of that?girl

I wanna get me some of that
I need to get me some of that
