"Goodbye Girls"

Endless night
Paste with time
Entire real light
With the goodbye girls

Winter taught
Counter faught
Entire real light
With the goodbye girls

Roger and me, we love you
I think of you

Your in a sleepless dream being sincere
They can't even listen
Giving no emotion
Leaving no impression
Love you all night
Love you all night

On a stead
Sweet deceit
Your in a cut up world
With the goodbye girls

Loved is stiffed
For your guilt
Feeling sphereplast
On the goodbye girls

Roger and me, they love you
I think of you

(2x)they can't even listen
Giving no emotion
Leaving no impression
Love you all night

Love you all night
Love you all night
Love you all night
