[Sha]

The snow is fallen, the city is white
your eyes are shining like diamonds tonight
and were all alone theres no one hope
youre finally in my arms again

[Indira]

The night is silence and christmas is here
i couldnt ask for more than heaven is near
'cause i love you so and i always will
and now i know the moment is right

[Alle]

Ive been waiting to give this gift tonight
im down on my knees theres no better time
its something to less for as long as you live
tonight im gonna give you
all my heart i can give

[Gio]

i thought i give you something shiny and new
i try to find something worth be of you
but i realize when i looked inside
theres something that money cant buy

[Hila]

i feel the magic whenever you near

i feel it even more this time of the year
'cause i love you so and i always will
and now i know the moment is right

[Alle]

Ive been waiting...

[Ross]

You know i always be true to you
and you know im the one i can turn to you
oh yeah
any time, any place or anywhere
you know that i always be there

[Alle]
Ive been waiting... (2-mal)

[Hila]
ive been waiting to give this gift tonight
this gift is for you
