What a day, wanna know ? - What a night, to
show - she was innocent , that special touch

What a day, wanna know ? - what a night
what a day (oh no) - she's all i ever need in
love

A day and night can seem so long - when
you're lovin' every minute of - what a day,
what a night, oh no - think about her 9 to 5
- call her up about a thousand times - i'm
gonna be...

Walking with you (oh no), and talking with
you (oh no) - for a thousand years , across
a thousand miles - you're my best friend (oh
no), yeah yeah (oh no) - and laughing with
you , and crying with you - with a thousand
tears , to have a thousand smiles

When yo know , that it's right - and you
know, for sure - she's the one who's gonna
love you back

It's ok, to rely, on me - depend on me - I'll be
more than what you're looking for

I wanna run and turn to you - believe in me
I'll only speak the truth - another day,
another night (oh no) - 'cause you and me we
are the same - it's gonna work there's no-
one else to blame - i'm gonna be

Walking with you (oh no), and talking with
you (oh no) - for a thousand years , across
a thousand miles - you're my best friend (oh

no), yeah yeah (oh no) - and laughing with
you , and crying with you - with a thousand
tears , to have a thousand smiles

All of the troubles I've past (past) - I've done

it for you - for this day when we join
(comin' at cha..) - and all of the people I've
known - they know about you - like you said.
your my half yeah (yeah) - and all of the
time , that we've spent - lonely at night (lone-
ly at night) - and all of the promises then,
the time wasn't right

But now it's on you... but now its on you ...
but now it's on you...

Walking with you (oh no), and talking with
you (oh no) - for a thousand years , across
a thousand miles - you're my best friend (oh
no), yeah yeah (oh no) - and laughing with
you , and crying with you - with a thousand
tears , to have a thousand smiles

Wheter or not we're meant to be - time will
tell this old story - I'll be walking with you -
and crying with you (crying with you) - and
lauging with you (lauging with you) -
and dying with you (dying with you) - (wait-
ing) forever...
