We wanna be free

Standin' in this mess Watchin' it progress No time to
turn around and walk away

Stuck in this old game It's the price to pay for fame
Always criticized but we're all the same

We can't change your mind Take a minute, stop, look
deep down inside

And we know that it's right 'Cause every dark side
breaks through the light

Chorus:

We wanna be free We wanna fly high-ee-ai-ee-ai

We want our souls to somehow find

That there'll be times Within our mind-ee-ai-ee-ai

When man is caught up and left behind

Pullin' through this craze It's just an awkward phase

Knowin' there's an end we can move on to

And where we go - I don't know And how de we
move - far too slow

There's a destiny before our eyes to hold on to

We can't change your mind Take a minute, stop, look
deep down inside

And we know that it's right 'Cause every dark side
breaks through the light

Chorus:

Nothing but free to be me To find my own key

Can't you see I got a own way to get me Dozens of
miles left behind

And I shine when u shine for a while trying not

To combine not to cry so I smile for you

Givin' every little thing that I got every breath for you

It's nothin' that I wouldn't do for you My word

Come and listen up what Loco got for you!

So me wanna bump come hear me now, oh So ya might
just come down, relieve datta self

Not a poor man say I put the pressure on myself
Tis a rush say me life, say me leave dem alive
Tis a thing we a go thru, when we run Say me mess wit
me whole crew
Things a gwaan, shizniz we a sing Roughneck we a go
bring you
One thing we not gonna miss it a you

I want to be free I need to break out This is our life it's
not a role Won't let us sleep
It burns our soul Show love and set us free

Chorus 2x:
