Here I am - smack in the middle of it  
Just got this natural way about it  
You can see it too - I just got it

And now - back to the riddle of it  
Just don't know how to explain it  
Once I get it on - it takes over

I know, I know, I know, I know - I can't control it  
I know, I know, I know, I know - once it get started

U can't stop - you know what I got  
So just go - just go let the rythm flow  
Can't stop - you know what I got  
Get up - get up to whatever goes down

Here I am - crack the rythm of it  
I don't have to think about it  
I just let it go and there you got it

I guess that's the beauty of it  
Whenever (ahh) you see me go  
You know that what you see up there is soul, yeah

I know, I know, I know, I know - just how to do it  
I know, I know, I know, I know - once I get started

U can't stop - you know what I got...

As you hear there's no time 4 introductions  
I think you'd agree no everlasting  
A real enemy you haven't done seen  
And as you can feel the time has come for destruction  
Once you realise me your thoughts have decieved  
You don't really believe what your eyes have seen  
This letter is sealed with a kiss  
Sick people get healed by shit like this  
Any type a shield can't hold my fist  
U can't stop us goin' on

U can't stop - you know what I got...
