When we're all alone  
Softly you tell me I'm your own  
Baby, what do you want me to do

But when we're in a crowd  
You laugh and you talk so loud  
Baby, what do you want me to do

I've got to know  
If your love is really true  
I can't go on feeling the way I do

Tell me, is it just a game  
'Cause I couldn't stand the pain  
Baby, what do you want me to do

I've got to know  
If your love is really true  
I can't go on feeling the way I do

Tell me, if it's just a game  
'Cause I couldn't stand the pain  
Baby, what do you want me to do

Oh, baby, what do you want me to do  
Oh, baby, what do you want me to do
