Snap your fingers
I'll come a running
Back to you on bended knees

Snap your fingers
I'll come a running
I'll be true, yeah
Take a chance on me

Let your light turn green
Baby, I've gotta know
Give me some kind of clue
Should I stay or go

Let me love you like a lover
Mmm hmm, that you used to know
Turn the key and let me in
Yeah, to that same old door

You know, I had it
But I lost it
Now I've got a
Broken heart to mend

But listen, baby
I don't care what the cost is
You know I've got to
Find my way back in

So if you'll just
Snap your fingers, please
I'll come a running
I'll do anything, yeah
To get back again

You know, I had it
But I lost it
Now I've got a
Broken heart to mend

But listen, baby
I don't care what the cost is

You know I've got to
Find my way back in

So if you'll just
Snap your fingers, please
I'll come a running
I'll do anything
Yeah, yeah, yeah, yeah
To get back again
