Lonely hearts
Lose the battle every time
Kingdoms start
With the closest of friends
Maybe I will write someday
About how you all helped me
Get to where I am right now
I have you to thank and no one else

It was the last Saturday my eyes would ever see
We were side by side waiting for the sun to pop up over
the sea
And I can't remember the last time I was this happy
Captured in pictures
And building castles in the sand

Lonely hearts
Lose the battle every time
Kingdoms start
With the closest of friends
Maybe I will write someday
About how you all helped me
Get to where I am right now
I have you to thank and no one else

Pardon the selfishness
It was passion
We tried to avoid this reaction but
I was honestly a victim of desire
Hope sick in the least, for something tangible
And I'm making it up as I go

Lonely hearts
Lose the battle every time
Kingdoms start
With the closest of friends
Maybe I will write someday
About how you all helped me
Get to where I am right now
I have you to thank and no one else

Take it from me you are the ones who made me open

up

Without your trust, without your hearts I wouldn't be
singing this right now [x3]

Wherever I go I'll take you with me

This is my promise to you [x2]
