What've you got?  
Team

There is no team like the best team  
Which is our team right here  
We will show you we're the best team  
Of the very little league this year  
And in no time we'll be big time  
With the big league baseball stars  
For all we have to do is win just one more game  
And the championship is ours

Dear Pen Pal  
You'll never guess what happened today  
At the baseball game  
It's hard to believe, what happened today  
At the baseball game  
I was the manager, Schroeder was catcher  
And all of the team was the same as always  
But somehow or other disaster struck  
At the baseball game, huddle up

I got it, I got it, I got it  
Woof woof woof  
I thought you had it

Three balls, two strikes  
The bases were loaded with two men out  
I pitched my curve, but somehow they hit it  
A good strong clout  
"Lucy" I hollered, "It's coming right to you"  
She caught it as easy as pie then dropped it  
I don't think it's good for a team's morale

To see their manager cry

Snoopy helped out by biting the runner  
And catching the ball in his teeth  
Linus caught flies from a third-story window  
By holding his blanket beneath

Yes, we had fortitude  
No one could argue with that  
And one run would win us the game  
As I came up to bat

All right, Charlie Brown, we're all behind you-sort of  
I mean this man can't pitch  
He pitches like my grandmother Charlie brown  
Now all you have to is bear down, just bear  
Down- and when you get on first, watch for my signals

For all we have to do is  
Win just one more game  
And the championship is ours!  
Ours! Ours! Ours

Two me were on with two outs and me  
With one strike to go  
One strike, one strike  
Then I saw her this cute little  
Red-headed girl I know  
Firmly I vowed I would win it for her  
And I shouldered my bat and I swung oh

Dear Pen Pal, I'm told where you live  
Is really quite far  
Would you please send directions  
On how I can get where you are?

Your friend, Charlie brown
