"Life Is A Bubble"

It all crumbles
Everything crumbles in time
Oh close friends
When you have a close friend
It will crumble
Everything crumbles in time
Oh it's so hard to get by,
Without a cause
Makes it hard to get by
What you have
What you have will crumble
It's a ruin
It's a ruin in me
Life is just a bubble yeahiyeah
It's just a bubble wowowow
It's just a bubble in time
Nothing lasts
Nothing lasts
It all crumbles
Everything crumbles
Oh, we spend our time,
Watching days go by
We just watch them pass
