The only one I love
She was a superstar
The only one I love
She was a superstar
The only one I love
She was a superstar
Aaah
I dream a dream that can't come true
I can never be with her
I dream a dream that can't come true
Ooh
The only one I love
She was a superstar
Aaah
If I was a whirlwind
I could weep her heart away
Yeah yeah yeah
Oh I am
A weak heart
I am a weak heart
A weak heart to break
And a lost love to take
A lost love to take
Aaah
I was a whirlwind
And she, she was a superstar
Ah ah ah ah ah
The only one I love
The only one I love
Aaah
