"It Must Have Been The Mistletoe"

It must have been the mistletoe, the lazy fire, the
falling snow
The magic in the frosty air that feeling everywhere
It must have been the pretty lights that glistened in the
silent night
It may be just the stars so bright that shined above you

Our first Christmas more than we'd be dreaming of
Ah, St. Nicholas had his fingers crossed
That we would fall in love

It could have been the holiday, the midnight ride upon
sleigh
The countryside all dressed in white, the crazy
snowball fight
It could have been the steeple bell that wrapped us up
in its spell
It only took one kiss to know it must have been the
mistletoe

Our first Christmas more than we'd be dreaming of
Ah, St. Nicholas must have know that kiss
Would lead to all of this

It must have been the mistletoe, the lazy fire, the
falling snow
The magic in the frosty air that made me love you
On Christmas eve our wish came true that I would fall in
love with you
It only took one kiss to know it must have been the
mistletoe

It must have been the mistletoe, it must have been the
mistletoe
One kiss to know I love you so
