Last night he called from Dallas he was havin' a beer at
the Crystal Palace
He said honey you won't be alone for long
I got to make just one more stop to pick up a ring in
Little Rock
And I'm gonna head this semi straight for home
Fourteen wheels a whinin' four big headlights shinin'
Him and that semi been away too long
Hope he don't get stop from speedin' cause I've got
everything he's needin'
Waitin' for him right here at home
He's got that big ole engine singin' singin' my favorite
song
And I know he's headin' my way rollin' down the
highway
Tonight my baby's comin' home
[guitar]
Ten thousand miles I've missed him it's been a week
since I kissed him
And forty truckstops since I held him tight
A million chicks and he can get 'em they wanna make
love and he won't let 'em
The only thing he wants he'll get tonight
He's got that big ole engine singin'...

And I know he's headin' my way rollin' down the
highway
Tonight my baby's comin' home
And I know he's headin' my way rollin' down the
highway
Tonight my baby's comin' home
