### "You Never Loved Me At All"

Visit "[You Never Loved Me At All](#)" on MotoLyrics.com

I used to love everything about you  
I used to think I couldn't live without you  
I used to fill, my whole world around you  
And you hurt me so bad (you hurt me so bad)  
And about you I don't feel the same, cause u never  
loved me at all (u never loved me  
I was a fool to fall like I did  
I used to wait for your phone call, but you wouldn't call  
me at all  
I used to wait, for you late at night  
I'd think you'll hurry up and come home and everything  
would be alright,  
But you never loved me at all (u never loved me at all)  
I was a fool to fall like I did  
You never loved me at all (you never loved me at all)  
I was a fool to fall like I did

U never loved me at all

There were times that I thought you would be there for  
me  
Then I, I would wake up it was only a dream,  
Cause you never loved me at all  
I was a fool to fall like I did  
You never loved me at all (u never loved me)  
I was a fool to fall like I did (I was a fool)  
No, you were pretending (you never loved me)
