Ever since you've seen our scene walk your city streets
You've brutalized, hated, lied, while stepping on our
feet
Yeah you pigs knew what you were doing was all wrong
You've bombed, you've raped, you've lied and you've
killed all along
Yeah you pigs knew what you were doing was all wrong

You've bombed, you've raped, you've lied and you've
killed all along

Fuck the police
No justice No peace
Fuck the police
No justice No peace

Ever since you've seen our scene walk your city streets

You've brutalized, hated, lied, while stepping on our
feet
Yeah you pigs knew what you were doing was all wrong
You've bombed, you've raped, you've lied and you've
killed all along
Yeah you pigs knew what you were doing was all wrong

Fuck the police
No justice No peace
Fuck the police
