It's so hard to say the truth
But I don't have a meaning without you
I have to make you mine
Why you never look at me
Why you never talk to me
What can I do to be yours tonight

C'mon c'mon this is what you're looking for
What I've got and what you're trying to ignore
C'mon c'mon
I know you want it all

I'm stalking you around
You're coming closer and I go crazy
I wish have the nerve to talk to you
Words are trapped inside my head
There's crazy mess in my mind
This girl is going to make me blind

C'mon c'mon this is what you're looking for
What I've got and what you're trying to ignore
C'mon c'mon
I know you want it all

C'mon c'mon this is what you're looking for
What I've got and what you're trying to ignore
C'mon c'mon
Yes, I know you want it all

She's stuck inside my thoughts
Tt's something that I can't control
But it has to stop

C'mon c'mon this is what you're looking for
What I've got and what you're trying to ignore
C'mon c'mon
I know you want it all
