I've been your friend from the start
The one that listens to you
I know you don't think I'm there
I'm right there walking with you

I'm disappear in the darkness,
Just waiting for you
I can't escape what I've done,
So I'll just sit here in the shade and wait for the sun

I'll disappear in the darkness,
Just waiting for you
And that's young that day comes
I'll watch over you,
Holding you,
If you stay away from,

I don't want to fall in love again,
Lookin' in your eyes I feel the pain,
Knowin' nothin' won't ever be the same
I can't see you when you're in a dream

Don't want to fall in love again,
Lookin' in your eyes I feel the pain,
Knowin' nothin' won't ever be the same
I can't see you

I made you cry every night
I see you standing above me
I'm stuck here on my own
Cause you won't let me go

I'm disappear in the darkness,
Just waiting for you
I can't escape what I've done,
So I'll just sit here in the shade and wait for the sun

I'll disappear in the darkness,
Just waiting for you
And that's young that day comes
I'll watch over you,

Holding you,
If you stay away from,

I don't want to fall in love again,
Lookin' in your eyes I feel the pain,
Knowin' nothin' won't ever be the same
I can't see you when you're in a dream

Don't want to fall in love again,
Lookin' in your eyes I feel the pain,
Knowin' nothin' won't ever be the same
I can't see you

I wish you would of survived
So I'd still be by your side
I know you don't think I'm here
But look down,
I'm right here,
On your side... Ohhh

I'm disappear in the darkness,
Just waiting for you
I can't escape what I've done,
So I'll just sit here in the shade and wait for the sun

I'll disappear in the darkness,
Just waiting for you
And that's young that day comes
I'll watch over you,
Holding you,
Through stay away from,

[I don't want to fall in love again,
Lookin' in your eyes I feel the pain,
Knowin' nothin' won't ever be the same
I can't see you when you're in a dream

Don't want to fall in love again,
Lookin' in your eyes I feel the pain,
Knowin' nothin' won't ever be the same
I can't see you]x2
