A lots been weighing on my mind
Since I came here
My old life is behind me
Sank like a world in flames

I settled in maybe too quickly
When the chance arose
Where I ended up is beautiful
And dear, you're the same

I wanna see
I'd like to be close to you
Want you to look for me
With your strength there's
Nothin' I won't do

Your perfection settles in the air
Makes it warm like summer again
The wine begins to flow
As I move to take your hand

It's good that I left
But it still pains me to look back
It's infinite here with you
You're so much better than my past

I wanna see
I'd love to be in love with you
I want you to need me
Girl, with your love
There's nothing I
Won't do

Won't run
Won't hide
Won't treat you bad
So don't run
Don't hide
Don't hurt me

Oh, Amanda

Oh, Amanda

It's good that I left
But it still pains me to look back
It's infinite here with you
You're so much better than my past

I wanna see
I'd like to be close to you
Want you to look for me
With your strength there's
Nothin' I won't do, Amanda
