I don't really care anymore  
'Bout the things he did to you  
I'm tired of listening  
And soon I'll need more

I didn't ask for your company  
But it's not unwelcome  
I didn't ask for your fears  
And I have no sympathy

So when you come around  
Let me set this clear  
I'm not the one in love  
My dear

But it's all the same  
And I can save your soul  
All that's left for you  
Check your emotions at the door

Don't feed me heavy hearted words  
And I think it's all to no end  
Cause the things you say don't make sense  
This thing we have seems absurd

And you might be out of your mind  
And i might not have a soul  
And maybe I'm a fool  
And the words I say are not kind

But it's all the same  
And I can save your soul  
All that's left for you  
Check your emotions at the door

So when you come around  
Only come around to hear  
Hear the truth about yourself  
My dear  
And have no fear  
Cause I can put pain on a shelf

All it costs is a tear

And I have no clue  
If I can break your heart  
And I hope you're too strong  
Cause I know too well  
There's a worse fate than you

But it's all the same  
And I can save your soul  
All that's left for you  
Check your emotions at the door

And you might be out of your mind  
And the words I say are not kind  
And I'm not kind  
You can't rewind  
You can't hide  
so take it like it's given  
Cause you know I'm...  
I'm out of my mind  
And the words I say...

Are not kind...
