I'm seconds away from everything  
And anything that gets in my way I will break with  
energy  
Syndicating these thoughts are fading so vagrantly  
This rage in me wont leave, my existence is my  
everything!

I can see this is something a little different  
It's the gift that god created and made it into an image  
It's all part of this I am a brain I'm not finished  
This is only the beginning of my writing experience

So take everything away from me  
Cuz I don't want a piece of me connected to me and my  
crew  
So take everything away from me  
Cuz I don't want you end up doing what's wrong!

You don't want a piece of me  
I can feel you when you reach for me  
You're just filled with jealousy (x2)  
Please don't take my breath from me  
You've taken all that's left of me  
You're just filled with jealousy (x2)

Taken everything away for what you said.  
I can feel you everywhere.  
I can (not go)  
I can (not go)  
I can and will not go.  
Taken everything away for what you said.  
I do not wanna die without you (without you)

You don't want a piece of me  
I can feel you when you reach for me  
You're just filled with jealousy (2x)  
Please don't take my breathe from me  
You've taken all that's left of me  
You're just filled with jealousy (2x)

You take my existence, my existence is everything I

had (4x)

You don't want a piece of me  
I can feel you when you reach for me  
You're just filled with jealousy (2x)  
Please don't take my breathe from me  
You've taken all that's left of me  
You're just filled with jealousy (2x)

You don't want a piece of me  
I can feel you when you reach for me  
You're just filled with jealousy (2x)  
Please don't take my breathe from me  
You've taken all that's left of me  
You're just filled w?th jealousy (2x)
