My butterfly, I'm happy when you're with me.
You're everything I see, and everything I need.
These broken wings, will guide our love through the
sky.
And take us away from these nightmares.

And these broken wings, they make you taste so sweet.
Candy canes and kisses when I fall asleep.
Rainbows and wishes, you take me away.
To another place, so far away.
So far away. So far away!

My butterfly, I'm happy when you're with me.
You're everything I see, and everything I need.
These broken wings, will guide our love through the
sky.
And take us away from these nightmare

And these broken wings, they make you taste so sweet.
Candy canes and kisses when I fall asleep.
Rainbows and wishes, you take me away.
To another place, so far away.
So far away. So far away!

My butterfly, I'm happy when you're with me.
You're everything I see, and everything I need.
These broken wings, will guide our love through the
sky.
And take us away from these nightmares

I'm in candyland. I'm in candyland. I'm in candyland. So
don't save me! (x4)

My butterfly, I'm happy when you're with me.
You're everything I see, and everything I need.
These broken wings, will guide our love through the
sky.
And take us away from these nightmares

(Repeat)
