And when my head hits the pillow
You'll know I've gone
To a place that's safe
A place that's warm
A place where I know I'll find myself

I know I'll see
A reflection of me
I know that I'll find
A better kind
And I know that when I sleep
That's where my love for you will grow deep

And when I'm not conscious
You'll know I might dream
Of a place with you
A place with me
A place with love in between

And if my dreams ever fail
And the night fails too
The place between waking
And the place where I'm dreaming
Is a place I'll always love you

I know I'll see
A reflection of me
I know that I'll find
A better kind
And I know that when I sleep
That's where my love for you will grow deep

Eh heh eh eh
Let's take us away
To that place in that clouds
That place in my dreams
Away in the clouds
