"Room To Speak"

I'm not sure if I can breath
I'm not sure if you'll ever see
I'm not sure why I'm singing this song
Cause every word comes out wrong
And I'm, not sure if I'm a Romeo
I'm not sure you'll ever know
I'm not sure if I'm alright
But I know what I think when I'm
Alone at night

And I don't know much
So there's not too much I can do
This insecurity is a crutch
For someone who knows he loves you

So let me get a little room to speak
I'll choke if I can't let it out
Don't turn around like the last time
Come on, all I want is a sign

I'm confident that this won't work
I'm tired of the emotions you jerk
I'm sick of being pushed around
I need to bring you
Back down to the ground

So let me get a little room to speak
I'll choke if I can't let it out
Don't turn around like the last time
Come on, all I want is a sign

I don't know (I don't know)
And I don't see (don't see)
And I don't understand
The numb inside me

And I don't know much
So there's not too much I can do
This insecurity is a crutch
For someone who knows he loves you

So let me get a little room to speak
I'll choke if I can't let it out
Don't turn around like the last time
Come on, all I want is a sign

So let me get a little room to speak
I'll choke if I can't let it out
Don't turn around like the last time
Come on, all I want is a sign
Don't turn around like the last time
Come on, all I want is a sign
