When I met you
It had just turned Fall
And you were still hangin' on

Next time we met
It was Winter
And the emotion was gone

Chorus
Cause if all I knew
Was to be near you
Then I wouldn't know too much
But If my only clue
Was to be with you
Then all I'd need was your touch

When the leaves came back
In the Spring
We talked for a third time

And in the full bloom of Summer
I was yours
And you were mine

'Music Interlude'

Chorus

Come next fall
What'll it be?
When winter knocks on the door
Will you be rid of me?

...

Chorus, fade to end
