When I walk by  
What do you think?  
When I'm gone  
What do you say?  
In the tide of your love  
I wanna sink  
Under your shade  
I wanna stay

So permission, If I may  
To finally say, here we go  
Bombs away...

Chorus  
And I want you to say  
You want me this way  
What I want you to do  
Glance at me like I glance at you  
What I want us to be  
Simply you and me

If I dropped by  
Would you love me?  
If I called you up  
Would you know my name?  
I'm drowning in the sea  
Of a girl I can't tame

Time now again  
To put it on the line  
To finally give you  
This love of mine

Chorus

Lay it on the line  
Gimme a sign  
I'm hanging from a vine

Chorus

Cause i want you  
To need me this way  
To glance like I do  
To be us like you and me  
I want something different  
Something knew  
Wanna you to love me  
Want you to know....

I...love...you...

Chorus
