We fell in love in the middle of September,  
You took a piece of my heart in December,  
Then you ripped it apart girl, I remember,  
Now I'm gonna let you know, ohhh.

You even said fuckin' loved me, you're a phoney,  
You fuckin' bitch you shouldn't of fucking told me,  
To get you out of my head, you were my hommie,  
Bitch you shouldn't of did me wrong.  
( 'cause now you're gonna... )  
[Screams]  
Diiieee!... sunshine...

[Screams]  
We will never love until we're fucking dead!  
[Screams]  
Diiieee!... sunshine...  
[Screams]  
And we will never love you!

[CHORUS:]  
And we will never love,  
And we will never die,  
I'll fall asleep until a Broken's on sunshine,  
And we will never love,  
And we will never die,  
I'll fall asleep until a Broken's on sunshine.

You got me running in circles I'm on empty,  
I want to let you go, but you won't let me,  
If you want a piece of my heart then come and get me,  
I'mma never let you go, ohhh.

Things have changed and you want me in your life  
now,  
It never rained so hard until you came around,  
And now I'm in the front of your house, I'm screaming  
lie down,

Bitch I'm tryna let you know.

('cause now you're gonna...)  
[Screams]  
Diiieee!... sunshine...

[Screams]  
We will never love until we're fucking dead!  
[Screams]  
Diiieee!... sunshine...  
[Screams]  
And we will never love you!

[CHORUS:]  
And we will never love,  
And we will never die,  
I fall asleep until a Broken's on sunshine,  
And we will never love,  
And we will never die,  
I fall asleep until a Broken's on sunshine.

Yeah we be breaking the law,  
We'll be breaking your jaw,  
We'll be breaking the wall with your fucking...  
Yeah we be breaking the law,  
We'll be breaking your jaw,  
We'll be breaking the wall with your fucking...

Yeah, let's go.  
[Screams]  
Diiieee!... sunshine...  
[Screams]  
Yeah, I'm tryna to let you go!  
Why! (Why?)

[Screams]  
Why'd you have to leave me all alone!  
Why'd you have to go!  
[Screams]  
Why'd you have to go! (Why'd you have to go?)  
And leave me all alone! (all alone)

[Screams]  
Fucking bitch  
You fucking bitch  
You fucking bitch  
You fucking bitch  
You fucking bitch
