I'm never gonna stop
There's a world out there
And It's all mine
I'm gonna keep running
To God knows where
And I'm not looking back

From the morning in the east
To the land of the midnight sun
I'm gonna go everywhere
I'm gonna use everyone
Just to get away from you
That's what I'm gonna do

I'm gonna gas up
First chance I get
Somewhere on this road
I'm gonna keep these wheels rollin'
Till the borders are met
And I won't stop there

With stars on my head
And wind in my hair
I'm gonna speed like hell
The Devil may care
Just to get away from you
That's what I'm prepared to do

You broke my heart
I broke yours
I regret that decision
You loved that collision
I'm gonna drive
I'm gonna drive
Come back to life
I'm gonna drive
