I walked through a desert  
The sand burned my feet  
Tried to find the oasis  
Got myself in too deep

I swam an ocean end to end  
The water soaked me to the bone  
Tried to grab onto some land  
And still found myself alone

Cause there were stars and skies  
And lies in your eyes  
There was pain and truth  
Hidden in you  
And you didn't tell me that  
You needed me to be  
A little more than I seemed

I climbed a mountain  
The snow in my eyes  
Tried to reach the summit  
Before I laid down to die

All for you  
End to end  
Friend of a friend  
Love of my life  
A reason to try

I sat alone  
The silence made me feel  
Tried to remember you  
Learned how to deal

Cause I saw stars and skies  
In your eyes  
And there was pain and truth  
Deep within you  
I should have told you that  
I needed you to know  
A little more than I could ever show
