I was blindfoled by love
It took me for a ride
Now all I'm thinking of
Is life on the other side

Gotta leave this situation
Coz all my tears have run dry
A permanent vacation
And I just know that I
Oh I - I just gotta get out of here
Coz I'm left - behind
In heartbreak city
In heartbreak city

Stayed long enough to know
I don't know anything
I remember long ago
When love was a simple thing

Gotta leave this situation
Coz all my tears have run dry
A permanent vacation
And I just know that I
Oh I - I just gotta get out of here
Coz I'm left - behind
In heartbreak city
In heartbreak city

Just gotta get out of here

Gotta leave this situation
Coz all my tears have run dry
A permanent vacation
And I just know that I
Oh I - I just gotta get out of here
Coz I'm left - behind
In heartbreak city
In heartbreak city

Just gotta get out of here - ooooh
