"Watching The Stars"

We're stuck in another carcrash gotta get our engines
to run

We're lost gotta get a flashlight, gotta get our
headlights to burn

Too few lovers and too much anger in this traficjam,
we're in a oneway lane again

We're only watching the stars

Heaven's gotta wait another year, hold on to your
visions tonight

We're only watching a dream

Oh, paradise will wait another year, hold on to your
visions tonight

We've been sharing an ambition knowing that our
vision ain't real

We're lost gotta get emotion, gotta get emotions to
feel

Too few lovers and too much anger in this traficjam,
we're in a oneway lane again

We're only watching the stars

Heaven's gotta wait another year, hold on to your
visions tonight

We're only watching a dream

Oh, paradise will wait another year, hold on to your
visions tonight

Why are we here?

Our lifes will never change

Why are we here?

Our lifes will never change

Don't just sit and wait for a star to fall

Why are we here in this car at all?

We're only watching the stars

Heaven's gotta wait another year, hold on to your
visions tonight

We're only watching a dream

Oh, paradise will wait another year, hold on to your
visions tonight

We're only watching the stars
Heaven's gotta wait another year, hold on to your
visions tonight
We're only watching a dream
Oh, paradise will wait another year, hold on to your
visions tonight

Hold on to your visions tonight
