This was so unexpecte,
I didn't plan on this,
But everyday that ends and I don't see you,
There are so many things I miss,
And you can't tell,
I never knew that I hid it so well,
Such a rush,
How can you not see it,
Every time I blush,
And I thought what could go wrong,
Everything, but still I'm brave enough to sing you my
song.

And I don't care,
I'll sing it for you, in front of all your friends,
I loved you from the beginning,
I'll love you 'til the end,
And it's so cliché,
What I'm gonna say,
But I'm in love,
I can't get enough,
I'm in love.

You get me,
You know me so well,
A shoulder to lean on,
On our round trip to hell,
And darling don't you worry,
I'll understand
You may walk away,
You may hold my hand,
I don't know,
But either way I'll be here, wherever you go.

And I don't care,
I'll sing it for you, in front of all your friends,
I loved you from the beginning,
I'll love you 'til the end,
And it's so cliché,
What I'm gonna say,
But I'm in love,
I can't get enough,

I'm in love.

I know your secrets,
I won't forget,
The times we had nobody else,
But the other and ourselves,
And you're beautiful,
I don't know how you disagree,
And even all this
Won't say what you mean to me.

And I don't care,
I'll sing it for you, in front of all your friends,
I loved you from the beginning,
I'll love you 'til the end,
And it's so cliché,
What I'm gonna say,
But I'm in love,
I can't get enough,
I'm in love.

And in the end,
I know what no means,
And I'm sure it won't end up
As awkward as it seems
Don't you worry
About breaking my heart,
With as close as we are,
It won't tear us apart.

I'm in love,
I can't get enough,
Every kiss,
Every hug,
I fall further in love,
And as it stands,
How it seems,
This'll just be
Another of my wildest dreams.
