You want to go,
And as you open up the door you change your mind,
I'm not something to leave behind.

You'll never know all these things I feel inside,
I want to show you,
There's nothing out there to find.

Oh baby I, I want to make you see,
There's nothing more to fear,
Cause everything's right here.

(Chorus)
I'm everything you want,
I'm everything you need,
And every little part of you is a part of me,
I'm everything you know,
I'm everywhere you go,
And I hope that you see
That you're everything to me (oh yeah)
Everything to me (yeah)

Whisper to me,
I hang on every word you say,
Don't tell me no,
As you turn and walk away.

Dont shut me out,
I'm much stronger than you know,
But you're on your way,
You'll be back with me someday.

Oh baby I, I want to make you see
There's nothing more to fear
Cause everything's right here.

(chorus)

I understand your confusion,
In denial, disallusion
I won't wait too long,

And I just might move on.

I'm buried by your indecision,
Digging for the life I'm missing,
Just look inside and see,
I hope there's room for me.

Oh baby I, I want to make you see, (yeah)
There's nothing more to fear,
Cause everything's right here.

(chorus 3X till fade)
