Ohh ohh ohh

[Brooke]

Some say love and friends they don't mix  
But I can't help the way that I feel (a yo)  
Seeing you makes me think (hey yo)  
Seeing you makes me think(Oh woo Ho)  
I know you and me it seems weird  
But I think we should consider it(Hey yo)  
Seeing you makes me think(Hey Yo)  
Seeing you makes me think

Your smile is like candy  
So sweet and sincere  
Your style is so sexy  
I love when your near  
Our vibe is like heaven  
You and I are like wind  
So cool it's refreshing  
Where do I begin

[Bridge:]

Me and you would be like Christmas Day  
Cause when you smile you shine like the month of may  
But there's no rush we'll take our time okay  
But I had to let you know  
Just incase it didn't show

[Chorus:]

Some say love and friends they don't mix  
But I can't help the way i feel (a yo)  
Seeing you makes me think (hey yo)  
Seeing you makes me think (Oh woo Ho)  
I know you and me it seems weird  
But I think we should consider it (Hey yo)  
Seeing you makes me think (Hey Yo)  
Seeing you makes me think

[Colby:]

I ain't felt this way in a minute.  
You and me, are you wit it?  
Yes, cause i only got eyes for you

Cause you know that I'd ride for you  
I know you won't suffer.  
With me as your man  
I promise to show you the love that can win

[Bridge:]

Me and you would be like Christmas Day(Me and you
