Tonight the hogans slam
I need to talk you about your mom and her 19 year old
boyfriend
Hulks 18 year old son is in jail he's sentenced to 18
months behind bars
saying this is tough is an understatement
She had to report that she was being followed by hulk
which was a violation of the restraining order
This is just the latest body blow to the hogans
Daughter Brooke is striking out on her own now
Brooke Knows best
And celebrity's only seem to get bigger after a tough
time in their life

Jealousy
Envy
Destiny
Faith
This is the REDEMPTION
