"Slow Down"

Baby boy why you walking away?
Dont act like you cant talk to me
Pump the breaks its a red light
Wanna know what your doing tonight
Dont let the sweet talk through you off
Dont get it wrong yea I'm the boss
I dont know what you've heard
I'm better than the rest boy thats my word

Baby your so beautiful
All I wanna know is can I talk to you tonight
Slow down boy and talk to me
Sexy your so beautiful
Baby come on over here I'll make you feel alright
Slow down boy

Tell me boy how you do this to me
One look at you I cant breathe now
Hypnatized by your style
I cant believe how quickly I fell
And by the way that your slowing down
I bet you like the way that sounds
Come on baby lets go
Cant let you leave without me no no

Baby your so beautiful
All I wanna know is can I talk to you tonight
Slow down boy and talk to me
Sexy your so beautiful
Baby come on over here I'll make you feel alright
Slow down boy

Baby your so beautiful
All I wanna know is can I talk to you tonight
Slow down boy and talk to me
Sexy your so beautiful
Baby come on over here I'll make you feel alright
Slow down boy

Why you look so surprised

Boy everything I'm saying
Every word that you heard is true
yea yea
And this chemistry between us
Baby its so serious
If I got what you want
You got what I need
its going down like

Baby your so beautiful
All I wanna know is can I talk to you tonight
Slow down boy and talk to me
Sexy your so beautiful
Baby come on over here I'll make you feel alright
Slow down boy

Baby your so beautiful
All I wanna know is can I talk to you tonight
Slow down boy
Sexy your so beautiful
Baby come on over here I'll make you feel alright
Slow down boy
