### "There I Go Again"

I took a walk through the fields on a sunny day  
And saw a reflection of a face  
Didn't notice the girl that looked at me  
She was beautiful like an angel  
She told me I shouldn't look so sad  
He's the best friend I could ever have  
There I go imaginaing things my minds running far  
away from me

Pinch me I'm dreaming in my mind I'm speed walking  
And my lips keep on moving but I'm not barely sayin  
nothing  
Could it be could it be just me or is it appetite  
Somebody catch me I'm falling there I go again there I  
go again

I met a man the other day said I remind him of his  
daughter  
He just staired into my face and could I trade him in for  
water  
He's thirsty got a hundred miles to go there I go  
Pretending to be somewhere that I've never been  
before

Pinch me I'm dreaming in my mind I'm speed walking  
And my lips keep on moving but I'm not barely sayin  
nothing  
Could it be could it be just me or is it appetite  
Somebody catch me I'm falling there I go again there I  
go again

Pinch me I'm dreaming in my mind I'm speed walking  
And my lips keep on moving but I'm not barely sayin  
nothing  
Could it be could it be just me or is it appetite  
Somebody catch me I'm falling there I go again there I  
go again

I see the place that I've been lookin for  
There's no invision no winning sometimes

Like a fairytale where I control all the lines  
All that matters is me and I'm completely free

Pinch me I'm dreaming in my mind I'm speed walking  
And my lips keep on moving but I'm not barely sayin  
nothing  
Could it be could it be just me or is it appetite  
Somebody catch me I'm falling there I go again there I  
go again

Pinch me I'm dreaming in my mind I'm speed walking  
And my lips keep on moving but I'm not barely sayin  
nothing  
Could it be could it be just me or is it appetite  
Somebody catch me I'm falling there I go again
