Boys talkin' down on the sidelines watching  
Wishin' they was playin' the game we playin'  
But it's all good though

Paul Wall  
Brooke, what up baby?  
What it do Paul?

I see your lips moving but I don't hear nothing  
(Naw)  
Everybody talking like they really know something  
about us  
(They don't know baby)  
But they don't know nothing about us  
(They don't know baby, they don't know about it)

I see your lips moving but I don't hear nothing  
(Naw)  
Everybody talking like they really wanna know about us  
(They don't know baby)  
But they don't know nothing about us  
(They don't know about it baby)  
Talk to 'em Brooke

I'm just trying to live, but you're all up in my grill  
How's a girl to breathe with the media  
Staring down my mouth with a four-inch lens?  
I just wanna hit the mall with some of my friends

And I need to clear my mind 'cause they're driving me  
insane  
I be switchin' lanes down 95  
Swervin' in my E-class, sunroof popped  
With my stunner shades on 'cause the haters won't  
stop, no!

I see your lips moving but I don't hear nothing  
(Naw)  
Everybody talking like they really know something  
about us  
(They don't know baby)  
But they don't know nothing about us

(They don't know baby, they don't know about it)

I see your lips moving but I don't hear nothing

(Naw)

Everybody talking like they really wanna know about us

(They don't know baby)

But they don't know nothing about us

(They don't know about it baby)

What it do

I hear the commentators on the side chatter boxing

Paul Wall and Brooke got all the paparazzi watching

I hear 'em jaw japping, bumping guns, chasing crumbs

We ain't concerned with them bums, we accumulating

funds

Plaster wrist, got the Johnny Dang watch froze

5 karat divvied yellow stone in my earlobe

I'm squashing chatter when the light hit the pinky ring

Starched and clean, white cuff for the lean

See me in that new Benz 'cause I'm oh so ballin'

Or a old school slab with the fifth wheel fallin'

We got 'em talkin' but really they ain't saying too much

Just speculating with they gossip, truth is they don't

know about us

I see your lips moving but I don't hear nothing

(No!)

Everybody talking like they really know something  
about us

(Oh no, they don't know about us)

But they don't know nothing about us

(They don't know about us, no)

I see your lips moving but I don't hear nothing

(Naw)

Everybody talking like they really wanna know about us

(They don't know baby)

(They don't know about us)

But they don't know nothing about us

(They don't know about it baby)

Stop, stop, stop

I'm not listening, you can save your breath

I don't wanna hear the rumors people are spreading

Why, why do people go

Out of their way to try to bring us down?

No, they don't know the truth about us

I see your lips moving but I don't hear nothing  
(Oh no)  
(Naw)  
Everybody talking like they really know something  
about us  
(They don't know baby)  
But they don't know nothing about us  
(They don't know baby)  
They don't know about us

I see your lips moving but I don't hear nothing  
(Naw)  
Everybody talking like they really wanna know about us  
(They don't know baby)  
But they don't know nothing about us  
(They don't know about it baby, naw)

They don't know baby, naw
