[Paul Wall:]

Boys talkin' down

On the sidelines watching wishin' they was playin' the
game we playin'

But it's all good though

Paul Wall Brooke what up baby

[Brooke:]

What's it to you Paul Wall

Look who's talkin'

[Paul Wall:]

Ok I hear the commentators on the side chatter boxing

Paul Wall and Brooke got all the paparazzi watching

I hear them jam japing bumping guns chasing crones

We ain't concerned with them bums we cumulating fun

Plastic wrist we got the Johnny Dang watch froze 5 kid
yellow stone

I'm squashing chatter when the light hit the pinky ring

Starch and clean white puff with the lean

See me in the new Benz cuz I'm oh so ballin'

Or a old school slab with the few wheels fallin'

We got em talkin' but really they ain't saying too much

Just speculating the gossip truth is they don't know
about us

[Brooke:]

I see your lips moving but I don't hear nothing

Everybody talking like they really know something
about us

But they don't know nothing about us

I see your lips moving but I don't hear nothing

Everybody talking like they really wanna know
something about us

But they don't know nothing about us

(Talk to 'em Brooke)

[Brooke:]

I'm just trying to live but your all up in my grill

How's a girl to breathe with all the media starring down
my mouth

With a four inch lenz I just wanna hit the mall with some
of my friends
[Paul Wall:]
They talkin' bout us so I guess were doing something
right
Ballin' in the mix with the camera lights shining bright
They know we caked up but they don't know how much
we worth
People clear the ceiling off because we getting work

[Brooke:]
Picture yourself up in my shoes
Top story in the news
Everyday it's something new
Everybody's watching you
But they ain't seen nothing
They Ain't heard nothing
Everybody's just fronting it's what they do

[Brooke:]
I see your lips moving but I don't hear nothing
Everybody talking like they really know something
about us
But they don't know nothing about us
I see your lips moving but I don't hear nothing
Everybody talking like they really wanna know
something about us
But they don't know nothing about us

Stop stop stop
I'm not listing
You can save your breath
I don't wanna hear the rumors people are spreading
Why, why do people go
Out of there way
To try to bring us down
They wanna know about us

I see your lips moving but I don't hear nothing
Everybody talking like they really know something
about us
But they don't know nothing about us
I see your lips moving but I don't hear nothing
Everybody talking like they really wanna know
something about us
But they don't know nothing about us
