One, two, three, four

Can we have an honest conversation
Underneath the surface where we've been stayin'?
Where it's comfortable, where we play it safe
And we try so hard not to make mistakes

Spend a lot of time but I don't really know you
Think we've reached a point where I wanna show you
Who I really am, what I think about
What makes me smile, what brings me down, oh

I guess I feel some hesitation
Before we say those words

Sometimes love is an empty invitation
Sometimes love is a word that's used in vain
Sometimes love is just something that people say
everyday
And I don't want it that way

We've both been in situations

Where we woke up at a revelation
But a little voice said it wouldn't last
Hey don't walk away, leave it in the past, oh

We wrestle with the reservations
Now we're finding it hard to say those words

Sometimes love is an empty invitation
Sometimes love is a word that's used in vain
Sometimes love is just something that people say
everyday
And I don't want it that way, and I don't want it that way

Sometimes love is an open invitation
Sometimes love is a word that heals the pain
Sometimes love is more than just something that
people say everyday
And I want you that way, oh, oh love, well I want you
that way
