OOOOOOOOOOOOOOOOOOOOOOOO

There's a fever inside me.  
It's taken hold some how.  
I couldn't even hide it if I tried.  
Ohhhhhhhh

Girl  
I'm here in a song (a song).  
I never heard till now.  
Ohhhhhh  
(Both)  
I think I'm gonna take a chance tonight.

(Boy)  
The moment I've been waiting for, to turn the key and  
unlock the door.

(Girl)  
It's all so clear (so clear)  
Just standing here.  
I've finally found my way.

(Boy)  
So heres that invitation (invitation)  
To my own celebration.

(Both)  
Curios  
On the wings of a dream.  
In your eyes I can fly so high.  
On the wings of a dream.  
See me now as I touch the sky.  
Tonight's the night

(Girl)  
When dreams come true (yeah)  
You always said they would. (oh)

(Both)  
Watch me fly away.

(Girl)  
On the wings of a dream (on the wings of a dream)  
If you only believe (on the wings of a dream)

(Boy)

This one burning ember (ember)  
Is turned into a flame. (yeah)  
Now we've gotta shattered light to guide us (ohhh  
yeah)

(Girl)  
Even laved from day to day,  
I held on to my faith. (ohhhhhh)

(Both)  
I never thought of letting go,  
Or giving in.  
The game is on and I want to play.  
I'll take a stand cause I'm here to stay.

(Bridge)  
(B)The way  
(G)I'm here  
(B)The mood  
(G)So clear  
(Bth)The stars are in my site.

(Boy)  
And I'm never looking down.  
And never touching ground.

(Both)  
Curios  
On the wings of a dream (yeah)  
In your eyes I can fly so high.  
On the wings of a dream.  
See me now as I touch the sky.

(Girl)  
Tonight's the night my dreams come true.  
Tomorrow I hear sky's are blue.  
Watch me sail away.

On the wings of a dream (on the wings of a dream)  
On the wings of a dream (on the wings of a dream)  
Now there's one light it sees (On the wings of a dream)  
On the wings of a dream  
Repeat 4x
