It doesn't matter what we do  
Just as long as I'm with you  
I'd do the same thing everyday  
I've never felt like this before  
You keep me coming back for more  
And you know I'm here to stay

I think about when we first met  
The night I never will forget  
I couldn't keep my eyes off you  
A classic case of boy meets girl  
You smiled at me it changed my world  
Now I feel that way times two

Will you hang out with me tonight?  
I'm sure my day will be alright  
If I see your pretty face  
Each and every second that goes by  
I think of all the reasons why  
My life gets better every day

When I'm with you (When I'm with you)  
When I'm with you (When I'm with you)  
When I'm with you  
When I'm with you (When I'm with you)  
When I'm with you (When I'm with you)  
When I'm with you

It doesn't matter what we do  
Just as long as I'm with you  
I'd do the same thing everyday  
I've never felt like this before  
You keep me coming back for more  
And I hope you feel the same

When I'm with you (When I'm with you)  
When I'm with you (When I'm with you)  
When I'm with you  
When I'm with you (When I'm with you)  
When I'm with you (When I'm with you)  
When I'm with you
