Intro J.D.:

When I look up in the sky, I sometimes ask myself why
All I wish is you'd be there, And when I'm looking
down that road

Life is such a heavy load, How I wish that you'd be
there

Rap Ezzie:

Ooo-aaah, remember when you had nothing I was out
buzzin,

From 9 to 5 try to make a little somethin' somethin'
Qucik cash, breaking catz for the cream

Bring home the bank and split to half between my man
and me

No one I come thru , always trusted and rule the limited
things I do

A ghetto dream come tru

Rap Jazz:

Yo, I'm out here makin' runs with you on my mind,

Try to get some papers to cover up the hard time

Of the past when I was kickng a brothers ass for it

And I would bring it if I make it back

Just like 'Clef but I'll be gone 'til December

I send this with love to make sure that you'll

remember

Chorus:

Take me home, to the place I belong, know you'll
always be there

All the things we can share (aha, aha)

Take me home, to the place I belong, know you'll
always be there

All the things we can share

Ain't got no time for no games (That's right)

(Share the love we have)

Ain't got no time for no games

Emma girl â€™cause sheâ€™s tight like ice upon a glove
