you pick me up (pick me up)
like my morning brew (morning brew)
wake up, wake up, wake up
my sleepy hearts that's what you do

and you're brown eye's they take away
all my blues
feels so alive (so alive)
with just one look at you

(Refrain)
and i wouldn't have known
till you stop and stared
and showed me that you've cared
it's true (it's true)

i'm so in love with you

(Chorus)
you've got this power over me
and i've got this power over you
you've got this power over me
and i've got this power over you
you and i (me and you)
there's nothing, nothing a love can't do

you fill me up (you fill me up)
with things warm and good (warm and good)
step up step up step up
you know i feel the same way too

and i can tell super love
will go so well
hearts are flying (are flying)
when we're together

(Refrain)
and i wouldn't have known
till you stop and stared
and showed me that you've cared
it's true (it's true)

i'm so in love with you

(Chorus)

you've got this power over me
and i've got this power over you
you've got this power over me
and i've got this power over you
you and i (me and you)
there's nothing, nothing a love can't do

day's are brighter (night's are lighter)
day's are brighter (night's are lighter)
day's are brighter

since i've found you
oh, there's nothing a love can't do

you've got this power over me
and i've got this power over you
you've got this power over me
and i've got this power over you

you and i (me and you)
there's nothing a love can't do

there's nothing a love can't do (nothing a love can't do
