There I was an empty piece of a shell  
Just minding my own world  
Without even knowing  
What love and life were all about

Then you came, you brought me out of the shell  
You gave the world to me  
And before I knew  
There I was so in love with you

You gave me a reason for my being  
And I love what I'm feeling  
You gave me a meaning to my life  
Yes, I'm gone beyond existing  
And it all begun when I met you

I love the touch of your hair  
And when I look in your eyes, I just know  
I know I'm on to something good

And I'm sure my love for you will endure  
Your love will light up my world  
And take all my cares  
Away where they can't bother me

You gave me a reason for my being  
And I love what I'm feeling

You gave me a meaning to my life  
Yes, I'm gone beyond existing  
And it all begun when I met you

You taught me how to love  
You showed me how tomorrow and today, my love  
That's different from the yesterday I knew  
You taught me to love and darling,  
I will always cherish you

And I'm sure when evening comes around  
I know we'll have a love like never before  
My love, who could ask for more

You gave me a reason for my being  
And I love what I'm feeling  
You gave me a meaning to my life  
Yes, I'm gone beyond existing

You gave me a reason for my being  
And I love what I'm feeling  
You gave me a meaning to my life  
Yes, I'm gone beyond existing  
And it all begun when I met you
