Declare your name
If you're loving with your hands embrace
If you're loving said with us today
If you're loving lift your voices
Child of glory of his name
If you're loving open up your mouth
If you're loving let his praise renown
Every nation, sing for joy and god together
Our God is strong and mighty, we will not be silent
We will declare your name x2
And we will tell the world there is no other
We are not ashamed
We declare your name x2
And we will tell the world there is no other
Jesus, we declare your name
(Back to verse 1 & 2 then chorus)
(Repeat chorus x2)
