"God Is Working"

God is working; He's still working
God is working even now
Though we often don't know just how
God is working, He's still working
God is working even now.

Though we cannot see
And we can't quite understand
Remember God is still in control
He has promised to see you thru somehow
And He's working even now

God is working; He's still working
God is working even now
Though we often don't know just how
God is working; He's still working
God is working even now.

Hallelujah, He's working even now
Hallelujah, He's working even now
Though we often don't know just how
God is working; He's still working
God is working even now.
